LeetCode | @saketh169

Professional Summary

CS student at IIIT Sri City interested in MERN stack development and diving deep into machine learning and deep learning. Proficient in Java, C, and Python with 500+ problems solved on LeetCode. Experienced in building full-stack web applications, designing scalable backend architectures, and developing user-friendly interfaces. Dedicated to solving real-world problems and delivering efficient software solutions.

Education

Indian Institute of Information Technology, Sri City <i>Bachelor of Technology in Computer Science and Engineering – CGPA: 9.33</i>	Chittoor, Andhra Pradesh 08/2023 – 06/2027
Narayana Junior College <i>Intermediate / 12th Grade – Percentage: 98.7%</i>	Nellore, Andhra Pradesh 06/2021 – 06/2023
Sri Netaji MSR Pilot High School <i>10th Grade – Percentage: 100%</i>	Nellore, Andhra Pradesh 06/2010 – 06/2021

Work Experience

Full Stack Web Development & AI-Integrated Marketing Intern <i>Myna Seva Foundation</i>	07/2025 – 08/2025 Virtual
- Designed and customized websites using WordPress, Wix, and Google Sites while applying basic UI/UX design principles - Created promotional visuals using Canva to support community initiatives and improve online engagement	

Academic Projects

Nutri Connect Web Application MERN, Render, MVC GitHub	01/2025 – 06/2026
- Developed a MERN stack web app with a 30-minute slot booking system and a 2-week advance scheduling feature - Implemented a backend using MVC structure and a React frontend with Redux state management and Tailwind CSS - Containerized with Docker, documented APIs with Swagger, and integrated a CI/CD pipeline for deployment	
Image Copy Detection for E-Commerce CNN, Siamese Network, OpenCV GitHub	12/2025 – 05/2026
- Built a ConvNeXt Siamese network with 2 parallel CNN using OpenCV to detect duplicate and edited images - Attained over 85% accuracy on queries by training the model on 3 standard (CIFAR, UCID, Flickr) and Amazon datasets	
Hybrid Load Balancing for QoS in Cloud AWS, Python GitHub	09/2025 – 12/2025
- Created a hybrid load balancing algorithm combining Round Robin and ACO, improving efficiency by 40% - Tested scaling from 20 to 50 servers handling 100 to 2,000 tasks with high QoS and reliability	
IoT-Based Smart Jacket with ML for Real-Time Analytics IoT, ML, Python GitHub	09/2025 – 12/2025
- Integrated 6 sensors into a wearable smart jacket to monitor vitals, utilizing 3 Kaggle datasets - Achieved 95% accuracy in ML-based real-time anomaly detection, integrating mobile and cloud alerts	

*Other projects can be viewed on my E-Portfolio.

Technical Skills

Programming Languages: Java, C, Python
Web Development: HTML, CSS, JavaScript, EJS, MySQL, MERN Stack, GraphQL, Bootstrap, Tailwind CSS
Tools & Platforms: Linux, Git, GitHub, Docker, Postman, Swagger, CI/CD, Matlab, Vercel, Render, AWS
Libraries: Pandas, Matplotlib, Seaborn, OpenCV
CS Fundamentals: Data Structures & Algorithms, Operating Systems, OOP, DBMS, Computer Networking, Cloud Computing

Certifications

- Web3 and Blockchain Summer School** – Web3SSH, IIIT Sri City (05/2025)
- Career Essentials in Generative AI** – Microsoft and LinkedIn Learning (06/2025)
- Python Fundamentals for Beginners** – Great Learning

Achievements

- Agentica AI Hackathon 2025:** Secured 1st Runner-Up for developing an AI document system
- LeetCode:** Solved 500+ problems, reached a 1436 contest rating, and earned 50 & 100-day active badges in 2024–25
- Campus Ambassador (Techfest, IIT Bombay):** Ranked 172nd out of 1000+ ambassadors with 7500 points
- CodeX:** Secured 11th place in the Gradient Club DSA Coding Competition during Utkrishta Technical Fest
- Google Cloud Skill Boost:** Completed advanced labs and Arcade games over 6 months, earning Arcade Trooper Tier rewards

Co-Curricular Activities

Decoration Team Member Abhisarga Fest	02/2025, 02/2026
Designed and implemented creative designs to enhance the visual appeal and festive atmosphere of the college event	
Independence Day Meraki Team College Event	08/2024
Collaborated to craft thematic arrangements for college Independence Day celebrations, establishing a patriotic setting
